

Spanish Tutoring

Hola NY offers personalized tutoring in Spanish. Our staff includes certified teachers and college education majors who provide 40 minutes sessions tailored to each camper's needs. Parents enrolling their campers for tutoring are asked to communicate with their child's teacher(s) to determine areas for improvement. Whether you just want your child to get familiar with Spanish, improve their reading or writing skills, or just encourage conversation, our staff- tutors work with each camper to tackle these focus areas and help them build the confidence and skills targeted.

This program is open to all campers ages 3.5 to 11 years old who want to learn and improve their Spanish skills. All levels of Spanish proficiency are welcome.

We offer one on one sessions and small group sessions (up to 5 students of similar level).

Tutoring sessions integrate seamlessly with the Hola NY schedule. Each camper attends 5-6 activities daily; those enrolled in personalized tutoring spend one of these periods or the quiet time period working with our tutors. Personalized tutoring is not included in base tuition and is available as an optional add-on during registration.
